dedication

For service to the students and athletes of Lawrence High School, it is indeed an honor to dedicate this page to our retiring athletic director, Ralph Wolfendale.

Mr. Wolfendale is a 1930 graduate of Lawrence High School. He distinguished himself as an athlete at Lawrence High School and later at Cheshire Academy in 1931. He was graduated from Fordham University in 1935 where he played football for the immortal coach, "Iron Mike" Cavanaugh. He was a teammate of the legendary Vince Lombardi and a member of the "Seven Blocks of Granite." Before returning to Lawrence, Mr. Wolfendale played professional football for the Boston Shamrocks who later became the Washington Redskins.

Mr. Wolfendale joined the Lawrence High School faculty in 1950 as a member of the History Department. He later served as an assistant football coach under James Jordan, the late Mark Devlin and Ed Buckley. He became athletic director in 1967.

Mr. Wolfendale has dedicated his life to sports — especially here at Lawrence High School, and one can be assured that the anecdotes and stories told about this great man will ring in these halls forever.

We will always treasure our fondest memories of you. We love you, Mr. Wolfendale.

"you gotta believe!"

Assistant Coaches Sam Scuderi, John Barrett, Head Coach John Kelleher, Assistant Coaches Ed Kissel, Bob Champy.

The Lawrence High footballers, under the direction of teacher-coach and one-time L.H.S. football star, John Kelleher, climbed a long and winding trail to respectability this past season.

Blood and sweat stained, sometimes even tear-streaked, the Lancers worked their way to a 5-5 season on the record in their first year as M.V.C. competitors.

Off the record, the team was victorious, as they bested their long-time rival Lowell at the Memorial Stadium on Thanksgiving Day.

Nobody knew just what to expect from our beloved Lancers, but the word was, "You gotta believe!"

As the season progressed, the Lancers began to turn everyone into believers. The first half was completed with a 3-2 record tucked under their belts, however, the last half of the season was pretty rough, as L.H.S. dropped a heartbreaker to intra-city rival, Central Catholic, and allowed undefeated Andover to remain that way.

Just before the gang was about to put away the pig-skin for another season, the Lancer Machine exploded and came out the victor on Thanksgiving Day against down-river rival, Lowell.

The final score was 12-9, and it may be said that the Lancers enjoyed their turkey more in '74 than they had for the past sixteen years.

FRONT ROW — Coach Bob Champy, Brian Murphy, Greg John, Normand Grenier, Ed Saab, Steve Webb, Frank Annaldo, Joe Cerami, Moose Hajjar, Paul Berndston, Leo Lopiano, Gene Cookson, Paul Cavarretta, Bill Feole, Manager Larry Miller. soccer

the kicky sport

The Lawrence High soccer team, a melting pot of nationalities, combines a variety of customs and talent into a well-rounded whole. Now in its fourth year, the team, under its new coach, Ron Prada, united in a valiant effort to display its talent. Despite a 3 win-11 loss season, the team showed great sportsmanship and played each game with determination and pride.

Captain Joe Lodise and co-captains Bill Traynor and Libby Francesco made outstanding contributions for Lawrence High. The skills of all of the boys on the team were combined to reach a common goal: team spirit.

just begun

This year the Lancerette field hockey team did surprisingly well, considering it was their first year of play. With leadership from co-captains Sheryl Halloran and Andrea Godin, they ended with an 0-5-5 record in the Merrimack Valley Conference. Susan Emilio and Colleen Collins did a tremendous coaching job with this brand-new team, and their hopes for the future are very optimistic due to the great talent among the underclass members who played this year.

boys' basketball

the team of the tech

Co-captain Dan Cargill, Coach John Kelleher, co-captain Dan Richards.

Spirit — they had it; teamwork — they had it; coaching — they had it; superstars — they had them — put them together and what emerges is one great basketball team. It's been ten long, fruitless years since Lawrence High's basketball team has made the journey to the Tech, but the drought has ended. Since the beginning of the season, hopes had been running high that the team would qualify for the Tech, and after watching the performances of Dan Cargill, Dan Richards and the other veterans, expectations mounted. It was a tough schedule that Coach John Kelleher's Lancers faced with teams such as Andover and Methuen on the roster. Who could ever forget the Andover game? Even more memorable was the night Tewksbury came to town to fight for first place. The word was, "Top Tewksbury!"

Of course, the Central games always provided plenty of excitement. Excitement, however, could be found at all the games throughout the season — just watching the Lancers win their way to the Tech.

FRONT ROW — Dick Chamberlain, Barry Jackson, Dan Cargill, Dan Richards, Scott Brown, Ron King. BACK ROW — Ed Augusta, John Severin, Chester Cousins, Jim Trotochaud, Ed Romano, Bob Gereau.

girls' basketball

hip hoopsters

This was not the most successful year ever for the Lancerette squad, but they certainly lived the adage: "If at first you don't succeed, try, try again!" Try they did! Many an afternoon was spent under the direction of Coach Sallie Reynolds perfecting the art of passing, shooting, etc. Although the girls also had the advantage of playing at the Kane School for the first time this year, they suffered several heartbreaking losses to such strong rivals as Andover and Chelmsford. In spite of this, the outlook for the squad in the future is encouraging, for there are many talented underclassmen on the present varsity team. Good luck girls!

indoor track

they're off and running

A familiar sight around town this winter was that of the indoor track team running the many miles of practice on the streets of the city. Led by Head Coach Glen Alsup and Assistant Coach George Pacheco, the 1974-1975 team sprinted and hurdled their way into the hearts of many Lancer fans. The boys couldn't have attained their goals, however, without the contributions of such outstanding athletes as co-captains Tom Salvo and Omar Hilario, not to mention the team's many other point-getters. The Lawrence trackmen deserve to be commended for their outstanding job of exhibiting L. H. S. spirit. The pride found in the team is a precious necessity to all Lancer supporters. To the track team — good luck!

hockey

the puck-er up's

The Lawrence High School Hockey Team edged its way into the M. V. C. this year with a somewhat discouraging season. The team, however, led by Coach Jim Gurry, never gave up that special pride which is characteristic of Lawrence High. This year a great many of the games were faced off at the Billerica Forum, some miles away, which greatly limited Lancer fans from participating. Although the team's record was not impressive, this should not overshadow the independent performances of such players as co-captains Brian Alonzi and Joe Gagnon. We all look forward to next year's team as they will benefit from this year's experience.

The 1975 Lawrence High Wrestling Team is a team worthy of respect and praise. The hardy efforts of such members as co-captains Tony Paris, Gene Cookson, Maurice Hajjar, and Paul Guselli have resulted in another victorious season. The leadership and discipline supplied by Varsity Coach Robert Fitzgerald and Junior Varsity Coach Al Matthews enabled the team to work toward such a glorious demonstration of power. A sad defeat by strong rival Lowell early in the season did not stop the driving, hard working Lancers from achieving a fine record. The Lawrence High School Wrestlers certainly proved their ability and their desire to honor their school.

FROST ARENA

MANAGER LOUIS BREEN

A pollution-free, resource-conserving answer to the Earth's energy problems by the year 2000? Raytheon, together with three other companies, is currently at work on one solution that would use an inexhaustible energy source — the sun.

With satellite power stations, the sun could literally become an electrical powerhouse for the Earth. Such stations, more than 22,000 miles in space, would gather solar energy, convert it first to electricity and then to microwave energy for transmission to Earth.

Satellite solar power — not just a designer's dream. It may well be a reality by your 25th reunion.
